Welcome to ICNAET-2017

International Conference on “Novel Approaches in Engineering and Technology” shall be held at Ferozepur College of Engineering and Technology (FCET), Ferozshah. on 25-26 August, 2017 will be jointly organized by the FCET and IRD India.

The endeavor of this Conference is to bring together innovative academics and industrial experts in the field of different Engineering streams to a common forum. The primary goal of the conference is to promote research and developmental activities in Engineering. Another goal is to promote scientific information interchange between researchers, developers, engineers, students, and practitioners working in and around the country. The conference will be held every year to make it an ideal platform for people to share views and experiences in all leading areas of Engineering.

About Institute

Ferozepur College of Engineering & Technology, Ferozshah, Ferozepur (Pb.); was established in 2009. The institute is committed to develop a high quality, professionally groomed technical manpower, respect for profession & professionals with social ethics, national values and the spirit of human emancipation. Institute has state of the art infrastructure, qualified faculty members, highly equipped & latest technology labs and offers conducive environment.

Apart from delivering excellent academic content and development of skills through practical experiences, the students are encouraged to develop through bridge courses by interacting with resource persons. Setting up high standards and achieving them with diligent effort has been our constant hallmark.

About IRD India

The Institute for Research and Development India (IRD India) is an independent, private non-profit scientific association of distinguished scholars engaged in Computer Science, Information Technology, Electronics, Mechanical, Electrical, Communication and Management. The IRD India members include faculties, deans, department heads, professors, research scientists, engineers, scholars, experienced software development directors, managers and engineers, university postgraduate and undergraduate engineering and technology students, etc. IRD India plays an influential role and promotes developments in a wide range of ways. The mission of IRD India is to foster and conduct collaborative interdisciplinary research in state-of-the-art methodologies and technologies within its areas of expertise.
